Frequently asked questions: FDI Oral Health Campus

- FDI online webinar platform
<https://www.fdioralhealthcampus.org/>
- Free registration
- Possibility to watch live and past webinars
- Possibility to get CE points and CE certificate for the webinars attended

The screenshot shows the FDI Oral Health Campus website. The top navigation bar includes links for HOME, LIVE WEBINARS, ON DEMAND WEBINARS, DENTAL EXPERTS, and FAQ. The 'LIVE WEBINARS' and 'ON DEMAND WEBINARS' links are circled in red. The main content area features a webinar titled 'Tobacco Cessation in the Dental Practice'. The description states: 'All health professionals have a prominent role to play in tobacco control. They have the trust of the population, the media and opinion leaders, and their voices are heard across a vast range of social, economic and political arenas. It is now accepted that helping tobacco users to quit is part of the role of health professionals, including dentists and other oral health professionals. This presentation will summarize what is currently known about the concepts and theories associated with Tobacco Cessation and illustrate practical implementation of Tobacco Cessation measures in dental settings.' Below this, it mentions the webinar will be presented by Prof. Hiroshi Ogawa and Dr. Dongbo Fu. The right sidebar contains social media sharing options, a 'Webinar Details' section with links for 'The speakers', 'Ask the experts', and 'C.E. Certificate' (circled in red), and a 'Sponsored by' section with logos for WHO, FDI, and others.
