Please provide information and examples of previous co-design work you have done on the topic of health. Include examples of co-design products if possible:

Who will be your oral health and/or other professional partners?

Describe the ethical approval process and participant recruitment strategy for your chosen co-design approach

The Whole Mouth Health Project is supported by Colgate.
IP Agreement

In submitting this application, I acknowledge that all products of this project will be owned by FDI World Dental Federation, who will have the right to adapt and use them without limitation. FDI will recognize the design teams and other stakeholders on its website, and on other communications related to the Whole Mouth Health project where possible. Design teams will have the right to use the original products they have developed for their own communication, publicity and marketing purposes without limitation. Design teams may also request the right to use the subsequent resources developed by FDI for communication, publicity and marketing purposes, subject to certain conditions. Design teams commit to recognizing any partners they work with in developing the products, including NDAs and participants in the co-design workshops.
